

There has been a lot of discussion regarding the bank failure that took place in California over the weekend. The failure of Silicon Valley Bank is unique as it catered to Venture Capital and Start-up Technology companies.

Here at The Missouri Bank, we have a conservative business model and have a diversified customer base. Our customer's deposits are FDIC (Federal Deposit Insurance Corporation) insured, up to \$250,000. In addition, The Missouri Bank is in a strong financial position, as we are well-capitalized and have sufficient liquidity to meet all your needs.

We value your business and we go the extra mile to ensure that your investments, here at The Missouri Bank, are safe.

We are here for you today and will be here for you tomorrow. If you have any questions or concerns, please do not hesitate to reach out to us at 636-456-3441.
